

REMARKS

As a preliminary matter, it is noted that an Amendment to Add An Inventor was filed on September 26, 2005. However, no indication has been received from the Patent Office as to whether this Amendment to Add Inventor has been accepted or not. In view of this Response, it is believed that a decision as to this matter is needed so that the application can proceed to allowance. If there are any questions regarding to submission of the Amendment to Add An Inventor, a telephone call to the undersigned attorney would be appreciated.

In regard to the outstanding matters, the Applicants respectfully request cancellation of claims 20-29. With the cancellation of these claims, claims 1 and 4-19, which have been indicated as being allowable, are now in condition for allowance and a Notice of Allowance with respect to those claims is respectfully requested. Applicants expressly reserve the right to file a continuation application with regard to claims 20-29.

Claim 7 has been amended to correct a grammatical error. It is respectfully submitted that no new matter is added to this claim and, as such, it is in condition for allowance. Should the Examiner care to discuss any of the foregoing in greater detail, the undersigned Attorney would welcome a telephone call.

In the event that a fee required for the filing of this document is missing or insufficient, the undersigned Attorney hereby authorizes the Commissioner to charge payment of any fees associated with this communication or to credit any overpayment to Deposit Account No. **18-0987**. If a withdrawal is required from Deposit Account No. **18-0987**, the undersigned Attorney respectfully requests that the Commissioner of Patents and Trademarks cite Attorney Docket Number **WAY.P.US0071** for billing purposes.

Respectfully submitted,
